**BRING ISRAEL
TO YOUR COMMUNITY**

Hi, I'm Shakked, The Wandering Jewess.

I'm an author, experienced public speaker, content creator, government certified tour guide and an Israeli Jew born and raised. I travel Israel and the world speaking about Israel, The Holy Land, Judaism and everything in between. I offer a fascinating selection of talks about Israel and Judaism, pre-made or tailor-made for the specific interests of the audience. My aim is to address the hard questions about Judaism and about Israel being the state of the Jewish people. My work is focused on creating quality content, and encouraging a healthy and honest discussion.

I'm looking forward to come and meet you in person.

“SECRET ISRAEL – The Israel Most Visitors Miss”

Shakked Beery

In this book, I bring the readers a taste of Israel hardly anyone gets to know. A deep dive into the mysterious stories of the hidden gems only a handful of people know about.

The sites are carefully chosen to survive the test of time, and the stories are written in a compelling and fascinating fashion.

10 generations in Israel, I am a link in a chain, telling the story of the Jewish people, then and now.

As **The Wandering Jewess**, I see my mission in storytelling and question-asking.

I travel Israel and the world talking about this region, its beauty, its potential, and its complexities.

My aim is to grant communities with a one-of-a-kind Israel experience, and bring Israel closer to heart.

Everything on the Table

Speaking about Israel always raises hard questions. Since 2009 I've been interacting with diverse crowds and leading groups all over the country. Along the years, I've kept up to date with the developments in this land and region, to make sure I provide my listeners with relevant answers and knowledge. I take pride in making “Talking about Israel” not just informative, but also a fascinating and fun experience.

REVIEWS (THE GOOD ONES) 😊

"My congregation absolutely loved your talk. They are all very impressed with you and your knowledge. It took me hours to get back home, as most of the people stayed after service to say how much they enjoyed the Q&A time with you.

Thank you so much!"

- Rev. R. L. Stivala, MD

She addresses the "tough issues" facing Israel head-on and is very invested in its future.
